

Diversity Beyond Tolerance: Welcoming and Honoring Diversity and Creating Inclusion in The Workplace

FOR MANAGERS AND TEAM LEADERS

Training Formats: Half-day – two days
(offered on-site, company specific, webinar, online)

Achieving greater diversity is not easy, and most organizations never get beyond tolerating diversity to truly welcoming and honoring it. Diverse companies and institutions are achieving better performance.

Yet most organizations must do more to take full advantage of the opportunity that diverse leadership and teams represent.

Operating within the blind spots of racial and diversity bias is oftentimes unintentional. Organizations must purposely engineer diversity because it does not happen on its own. Through a series of transformational experiences, coaching, interaction, and safe space creation, this workshop facilitates the disruption that is required to increase team performance across differences.
